HOPPE'S INTRODUCES COPPER TERMINATOR CLEANER SPECIFICALLY TARGETS HARD TO CLEAN COPPER

Overland Park, KS. — Adding to its award winning line of products, Hoppe's Elite introduces Copper Terminator to its line of firearms cleaning products. Designed to remove copper deposits from the bore of firearms, Hoppe's Elite Copper Terminator features the same non-toxic, biodegradable and non-flammable properties of all Hoppe's Elite products.

While Hoppe's #9 and Hoppe's Elite will both clean small amounts of copper fouling from the bore, the new Elite Copper Terminator is designed to specifically target copper fouling to help restore or maintain accuracy.

Hoppe's Products are now part of the Bushnell Outdoor Products. For more information visit www.Hoppes.com.
